Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The area simply does not have the infrastructure to support more housing. My disabled son is already waiting far beyond the national average waiting time for services like physiotherapy, speech and language therapy and audiology. What chance do children like him stand if you continue to ram more homes into areas which cannot support the existing population? What about school places? GPs? Are the developers going to be compelled to contribute to these facilities? If not, why not?

Kind regards
