Label	
Is the applicant the owner of the trees?	No
Owner Details	
First name	Philip
Last name	Robinson
Phone number	
Email address	
Address	Haywards Heath Road Balcombe RH17 6NF

TPO Details

Further Details	
Are you seeking consent for works to tree (s) subject to TPO	No
Are you wishing to carry out works to tree (s) in a conservation area?	Yes
If you know which TPO protects the tree(s), enter its title or number	
Please identify the tree(s) and provide a full and clear specification of the works	Tree Description: Two large Scot Pine trees located near the corners of the plots. Proposed works: Fell the trees to stump level. Grind down the root of the tree at The Studio to allow parking space to be expanded. Reason for the works: The tree belong to The Studio is in very close proximity to the side of the house. Due to its size, spread and proximity there is concerns about damage to the property during high winds and severe weather. Furthermore there are concerns about potential structural damage to the property's foundation and drainage system due to the root system. The access to Gwen Cottage is very narrow at the moment often causing damage to cars when entering. This hazard can be removed and the entrance to Gwen

you want to carry out	Cottage extended, once the tree is removed. Due to the wind direction the tree @ Gwen Cottage will also need to be removed as it will be too exposed once the tree @The Studio is removed. Currently the root system is also damaging the parking @ The Studio. The proposed is considered necessary to manage the potential risk to both properties and occupants while preventing future structural and maintenance issues. It is also a requirement to ensure that the parking at both properties can be used in a safe manor. If required, the applicant is willing to consider replanting two suitable replacement trees at a more appropriated distance from the house.
