Subject: DM/26/1377 | Land At Mill Lane Sayers Common West Sussex

Good afternoon Katherine,

Thank you for re-consulting us on the above application. I note that the applicant has now submitted a copy of their quote for coverage under the DL and some further correspondence with NatureSpace. As stated in our previous comments, if the applicant wishes to take this route, a NatureSpace report or certificate must be submitted to the LPA **prior to determination** to demonstrate that great crested newts have been appropriately assessed and the impacts compensated for. Unfortunately, the applicant has not yet joined the scheme, and as such further information is still required.

Best wishes,

Laura Downs (*she/her*)
District Licensing Officer (Great Crested Newts) – West Sussex
