| Stance: | Customer objects to the Planning Application |
| Reasons for comment: | |
| Comments: | <p>The area does not need more houses and this has been turned down on numerous occasions for many environmental and aesthetic reasons. The amount of on street parking would be increased by the addition of a new access point on Wealden Way and this is already an access problem for the area as a whole. The impact of the build on the environment and animals especially badgers would be detrimental. Another concern is the infrastructure and services in the area that</p> |

are already stretched beyond belief.
This area is full.

Kind regards
