Hi Jo,

The AQ information provided is not clear.

The Air Quality Damage Cost and Emissions Mitigation Statement submitted mentions an 8 storey building with 38 flats, while the Air Quality Assessment by Marson Property Limited dated 14 July 2022 states that it supports the application for 28 residential units.

The above application is for a 7 storey building with 30 flats, please can I be provided with the correct up to date AQ assessment.

Thanks,

Jane Cooper
