Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Further to the notice letter of application received recently I would like to express my view that the tree in question is not only within a conservation area but has shaped naturally over many decades to reach its current magnificent form which can be viewed from some distance for all to see and appreciate. I feel it is very important that such an established ancient tree is allowed to remain untouched in its present condition.

Kind regards
