Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Dear Sirs, The reason I object to this planning application is, you have reduced the number of houses to 33 but potentially you are going to have at least 66 more vehicles going on to the Bolney Road which is so busy now due to the other new developments in the area. The road is becoming faster and faster as nobody keeps to the 30 speed limit. We have more heavy vehicles using the road

and it breaking up now. The drains are never cleared so we have flooding down the bottom of the road due to bad drainage off the original development.

I really think the council have a duty of care to the original homes in the area and safety should come first.

Kind regards
