Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I ask the Council to refuse permission for development on 'heritage grounds' and also for the following reasons: The site if developed would alter how the village is separated from the wider countryside and such development would change the landscape and character of the village. Access and increased traffic from/on The Street, a narrow village road without pavements, is totally inappropriate and would bring unacceptable danger to those walkers, horse riders, dog walkers, cyclists etc who use it on a very regular basis including myself and

my family.

There seems to be no protection provided for the known bat population nor other protected wild life.

The village already suffers from electricity and water outage and has no further capacity for additional housing.

For the above and the many other reasons already articulated by others, I would hope you refuse this application.

Kind regards
