Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to more homes being built on the Balcombe Road for the following reasons: 1. No additional services are proposed to be built to serve the people that will live in these homes. Haywards Heath already has

stretched doctors, dentists and schools as well as a lack of parking. These additional homes will bring more people and more pressure on these services. I propose that it should be mandatory for schools, doctor and dentist surgeries to be included in all new housing estates.

2. This will mean there are less green spaces which have a direct impact on people's mental and physical well being.

3. The proposed new roundabout will be an ugly eyesore and what is currently a country road will become an ugly bypass, removing the country character of the area which is appealing to people and attracts people to the area.

Kind regards
