

Sideways

Proposed Materials & additional site photos

3rd March 2025

The following are the materials that were discussed at the site meeting of Thursday 27th February with Hamish Evans:

- 1) Siding to new first floor loft conversion.

Slate Grey Cedril fibre cement siding to match new anthracite grey uPVC windows

2) Replacement roof slates to gabled roof.

Rivendale Fibre Cement Slates

Rivendale Fibre Cement Slates

Finely detailed surface and dressed edge

Rivendale fibre cement roof slate features a riven surface and dressed edge, combining the benefit of modern slate technology with the look of natural slate.

Ideal for use on projects where a natural look is sought, the Rivendale has been used on a number of projects, where sustainability is high priority.

NEW Rivendale Cromleigh Graphite colour

Environmental product declaration available

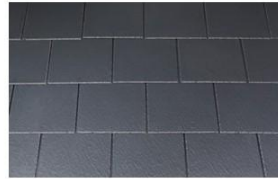

Can achieve an BES 6001 'Very Good' rating

Do not require wet cutting under COSHH

Can be used for both roof and facade

Fibre cement is a 100% recyclable building material

Low carbon footprint of 13 CO2e/m2

3. Double glazed anthracite grey uPVC windows and doors to loft conversion and to replacement and new doors and windows at ground floor level.

Additional site photos of front garden to Sideways in Spring showing dense foliage.
