Dear Hamish,

The Flood Risk and Drainage team have reviewed the information submitted since our last consultation response (19.01.2026). We can advise that our original comments and recommendations remain valid. For ease, we include the wording of the recommended condition as of 25-07-2025 and attached original consultation response.

Condition Recommendation

C18D

The development hereby permitted shall not commence unless and until details of the proposed foul and surface water drainage and means of disposal have been submitted to and approved in writing by the local planning authority. The building /extensions shall not be occupied or brought into use, until all the approved drainage works have been carried out in accordance with the agreed details.

Reason: To ensure that the proposal is satisfactorily drained and to accord with Policy DP41 of the Mid Sussex District Plan 2014 - 2031 and Policy ...'z'... of the Neighbourhood Plan.

Best Wishes

Flood Risk and Drainage Team
Estate Services and Building Control
Mid Sussex District Council
