Dear All

I am pleased to provide a revised package of information, including plans and documents, as a formal submission to both applications. Please find the revised and additional plans and documents at the following wetransfer link:

<https://we.tl/t-uvIGbfqJ5q>

Please note that this link expires in 3 days.

The submission includes a Planning Addendum which provides a summary of the changes made, by discipline, including responses to consultation comments received. The Planning Addendum also includes a list of plans and documents within this submission, which will hopefully help from an admin perspective, and also a list of previously submitted plans and documents which are to be superseded and replaced.

Should the above or enclosed raise any questions, please do not hesitate to contact me.

Hopefully you will agree that the client and the project team has gone to considerable lengths to address comments raised to date. As such, we feel that it would be helpful and appropriate to arrange a short briefing meeting, whereby we would talk through the revised submission to explore verbally how and why certain changes have been made. Please could you provide me with details of your availability for this over the next couple of weeks?

Kind regards

Mark
