Reasons
for
comment:

Comment s:	The area does not contain the infrastructure to cope with more housing. College lane, Malthouse lane & Danworth lane are already unable to handle the school traffic from Hurst College each morning and evening. The recent gas work & burst water main on Chalkers lane in October 2026 & Malthouses lanes showed just how vulnerable this area is - the roads were utter carnage with families like us unable to access our homes because we were stuck in hour-long traffic jams from a village that is rural yet developing faster than the roads can handle. Hurst village
---------------	--

centre can also not handle more traffic.

The schools are already oversubscribed, as are the doctors.

Where did you hear about this applicatio n?	Not specified
--	---------------

Kind regards
