Reasons
for
comment:

Comment s:	We have already experienced multiple sewer collapse issues and associated road closures (Cuckfield Road, College Lane & Malthouse Lane)- which as informed by the operatives fixing the problem is due to already overloaded infrastructure. South East Water supply is under extreme stress with multiple leaks and interrupted supply caused by sever drought and crumbling infrastructure. This is evidence of basic human rights infrastructure not being able to cope with current demands, let alone ANY increase.
---------------	--

Any additional housing in Hurstpierpoint and surrounding area will cause further issues and reduce quality of life and force villagers to put up with third world conditions of lack of water supply and overflowing sewage. It is unacceptable.

Where did you hear about this applicatio n?	Not specified
