Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Dear Katherine, I am writing to formally raise a complaint regarding the council's failure to adequately display public notices for for this planning application. As a local resident, I noticed that for the past 19 days the public was not made aware of the planning application through site display in at least one place on or near the land to which the application relates as required by The Town and Country Planning (Development Management Procedure) (England) Order 2015 Article 15. The council did not follow proper procedures for informing the community and the lack of clear public notification has prevented residents from exercising their right to comment or object within the statutory period and participate in the planning process. I request that the council take immediate steps to rectify this, including reassessing the

application's public consultation process and extending the period for objections and comments.

I would appreciate a written response outlining how this issue will be addressed and what corrective measures will be taken.

Please confirm receipt of this complaint and inform me of any next steps.

Yours sincerely,

Kind regards
