| Reasons for comment: |                                                                                                                                                                                                                                                                                   |
| Comments:            | It is unclear how the wildlife will survive this construction. There is an significant impact on the wildlife population and although the hedges have been blocked off it does not recognise the impact on the animals that live and access them such as the dormouse population. |

Kind regards
