| Comments: | Hassocks is rapidly expanding and the rate of current expansion is placing additional demands on services that are struggling to keep up with the demand. The existing site does need redevelopment, however the additional of a substantial number of properties, plus the proposal being too high for the location must be refused. |

Regardless of the suggested donations support the improvement of local facilities - this application does not take into consideration the needs of the local residents and leaves Hassocks continuing to lose its original identity.

Kind regards
