Dear Mr Watt,

Thank you for your e-mail of 4 April 2025.

The text of my objection is below.

Thank you for your help with this.

Kind regards,

I object to this Planning Application.

I feel very negative about it. It bears many of the problems of the previous application: i.e. it is too large and bulky and an eyesore at the approach to the village. I get the impression that the new proposal attempts to persuade everybody that much has changed in this application but there are still problems with height and bulk, with consequential light restriction, views from windows of our properties, and intrusion into our privacy from balconies.

Would it not be possible to make clear to any future applicant what considerations must be borne in mind, that *Bigger is not more Beautiful*, and that the approach to the village must be welcoming and not a massive block, out of character with the rest of the village.
