| Reasons for comment: | |
| Comments: | Adding another junction so close to what is already an overly congested cross roads is going to cause nothing but more misery for villagers and locals alike, and put people at risk trying to access the school. Keep clear marking will be ignored as they are now, and will gridlock the crossroads with vehicles unable to move in any direction. There are already regular collisions on the cross |

roads, not reported as they low speed, which will increase given peoples extra frustrations with movements around that area. Not forgetting that there will be months of construction traffic causing even more grief in the initial build time. The area cannot support such a development it shouldn't be granted permission.

Kind regards
