Hi Joseph,

Please find attached the updated information that should address the comments for condition 4. Our consultant has also stated the below regarding flow control.

"To combat the 2.1l/s we have reduced our flow control to a maximum discharge rate of 1.9l/s. This limits the overall discharge to 2.0l/s (the reason for this is a slight issue with the modelling software)."

I hope this is clear and addresses all queries raised by the council.

Kind regards,

Giles Barton

Good afternoon Giles,

Thank you for your email.

I have just received the attached consultation response from Drainage.

As you will see the information for condition 5 is sufficient, however, some further information is required in relation to condition 4.

This additional information can be emailed to me directly.

Kind regards

Joseph Swift BA (Hons) MPLAN

Good morning Joseph,

I hope all is going well with yourself and that you are enjoying the weather!

I was wondering if your drainage team have been able to provide any comments on the application yet. Or if they are content with the application.

Kind regards,

Giles Barton
Assistant Planning Manager

Good afternoon Giles,

Thank you for your email.

I have spoken to the Drainage Team today, they have been working through a backlog but are trying to deal with all the discharge of condition comments this week.

So hopefully I should hopefully have their comments soon.

I trust the above is of some assistance.

Kind regards

Good morning Joseph,

I hope you are doing well and had a restful weekend!

I was wondering if you could provide me with an update on the application below, was the additional information sufficient to meet the requirements for both conditions? Thankyou for making the application address both conditions as well I appreciate it.

Kind regards,

Good afternoon Giles,

Thank you for your email.

Please be advised I have amended the description to the following:

'Discharge of condition no 4 and 5 relating to planning application DM/23/0026.'

And I have reconsulted on the additional information.

Kind regards

Good afternoon Joseph,

I hope you are doing well, I have now received answers to your comments in the below email.

Condition 4 (Foul and Surface Water Drainage)

Attached are updated calculations and drainage drawings which should address comments for condition 4.

Condition 5 (Drainage Connection)

Regarding condition 5 our consultant has previously contacted Southern Water about the proposed connections and the relevant correspondence is attached. If the attached is satisfactory for condition 5 would the relevant documents attached make up a discharge condition application?

Please let me know your thoughts on the above and I hope this addresses the comments.

Kind regards,

Giles Barton

Dear Mr Barton,

RE: Discharge of condition no 4 relating to planning application DM/23/0026.

AT: Land At St James Road, East Grinstead, West Sussex

REFERENCE: DM/25/0801

In relation to the above mentioned application I have received the attached comments from the Drainage Team.

As you will see from these comments some additional information is required in relation to condition 4, furthermore, they have advised that you would also need to submit the application to discharge condition 5.

This additional information can be emailed to me directly.

Kind regards

Joseph Swift BA (Hons) MPLAN
