Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this development as it extends the boundary of urbanisation of the town and in so doing changes its rural approach. Further it will destroy green space, bird and other wildlife habitat and space for this number of dwellings could be positioned on other available brownfield sites in the area. Further it is unclear how residents of this estate would connect to

the town when there is no provision for pedestrians or cyclists to safely navigate their way from this site.

Kind regards
