Comments Details

Commenter Type:	Other type - not listed
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I currently act as the veterinary surgeon providing veterinary care for the string of top class show jumpers that are competed by Luca Cullum, the applicant,s son. Luca is a talented young rider, aiming to compete at the very highest level. In order to achieve his goals he requires a training

centre from which to be based. This establishment needs to be within easy reach of local competition centres, which East Wood Farm is, being situated in close proximity to Hickstead, Pyecombe and Hascombe competition show grounds.

An equestrian training facility needs to have enough stables and facilities to ensure that the horses can be managed in an optimum way to maintain their health and fitness. The proposed development at East Wood Farm will allow to the horses maximise their potential as athletes; the indoor school, appropriately sized outdoor arena and the horse walker will be essential features of this training yard, facilitating exercise all year round.

I fully support the proposed development at East Wood Farm.

Kind regards
