| Reasons for comment: | |
| Comments: | DM/25/2884 Re, The proposed dwelling on the garden of No. 48. The north elevation plans envisages a high level window set in the roof almost at the ridge height. Direct views from this window would look straight down into the two first floor bedroom windows on the south elevation of neighbours No. 52. It would also allow uninterrupted views into the glass roofed conservatory at the the rear of No. 52. |

This would constitute a possible gross invasion of the privacy of
the occupants of No. 52
Therefore we raise this objection to the development.

Kind regards
