Reasons for comment:	
Comments:	I am very happy to support the planning application for the new car parking and infrastructure for the IAS marquee at Saint Hill. I have attended the Church's international gatherings in the past,

and I know how important these events are, not just for visitors but for the local community too. They host family-friendly events like the Easter Egg Hunt, Bonfire Night, and Christmas celebrations, which are really valuable for everyone in the area.

I also want to highlight that the Church always takes great care of the environment, and it's clear they have a good plan in place to manage the land responsibly. I believe this application will make the events safer and more enjoyable while continuing to protect and respect the surroundings.

Kind regards
