Reasons for comment:	
Comments:	This is a good idea to have somewhere to park that is near to the castle. Often when the other car park is full, which happens a lot, people have parked on the road or at the rugby club. If its on the road it is a safety hazard particularly in winter and could cause a

terrible accident or worse.

There are often other events like Easter, bon fire night and Christmas, where the castle is open to the general public and it's important for their safety that they are parked safely.

Kind regards
