Comments Details

Commenter Type:	Business or other organisation
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	Over past 15 years, I have been attending St Hill for their various events which bring communities together. Their on site management is excellent and despite restricted parking, they manage the visitors in a very efficient manner and

make sure the neighbours disruption is kept to a minimum.
Their events are gaining popularity and it would be great for them to have an increased space for parking and making sure local neighbours and communities are not disrupted.
St Hill is very inclusive and very supportive to the wider community and the events they hold are part of the engagement program.
As an office senior member of the Muslim community in Crawley, I attend St Hill on a regular basis and have noticed the parking is getting tighter. They and the neighbourhood will benefit greatly from have more parking space.

Kind regards
