Reasons for comment:	
Comments:	I am writing in support of the planning application for the provision of parking and washroom facilities at Saint Hill. This development will provide much-needed parking, which is

essential given the number of regular community events hosted at Saint Hill. It will also serve as an additional facility for events held at our local sports club and the rugby club. Importantly, the availability of proper parking will prevent people from leaving their vehicles on the grass verges during busy events at all three venues, which has long been a concern for both safety and the local environment.

In my view, the proposed improvements will bring real benefit to the wider community, making local events more accessible, comfortable, and sustainable. I therefore fully support this application.

Kind regards
