Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	This is really needed. Saint Hill has an established annual calendar of events for the benefit of both Church membership and for local public. Proper parking facilities are essential for convenience, safety, and to minimise disruption on the roads by

enabling faster entrance and exit. It should also be noted that the larger annual events bring visitors who provide a welcome influx of trade for local hospitality, retail and taxi services. These plans offer these benefits with very little environmental impact.

Kind regards
