Dear Planning Team,

As someone living in Ansty, I wanted to share my support for Land Parcel At, Bolney Road, Ansty, West Sussex in application DM/26/0454.

We really do need more smaller family-sized homes in the parish. My own family has seen several friends and relatives priced out or unable to find suitable 2–3 bedroom properties locally. This development would help people stay close to their community instead of being forced to move away.

I believe the plans would be a benefit to Ansty, providing the right type of homes in the right place.

I hope to see it approved.
