

Elevations - Garage

1. The Grid and Levels are based on co-ordinated using US Active GPS network.
2. The intersections in the drawing are taken perpendicular to the horizontal and vertical axes.
3. Due to the nature of scaling drawings we would advise that any required dimensions should be requested from the surveyor that they include any survey control information if required.
4. Please ensure any survey control information is not necessarily legal
5. Survey boundary features are not necessarily legal
6. Dimensions should not be scaled. All dimensions should be checked on site before any building / construction.
7. The origin of the survey is determined by the surveyor in liaison with the client. It is recommended that the origin is placed in a way that it should be used for any dimensions that are not altered or modified in any way.
8. Information provided should not be altered or modified in any way that it should be used for any other purpose other than that which it was intended for.
9. No surveyors can accept responsibility for any damage to contained in the data provided from sources which may be contained in the data provided.
10. If the AutoCAD drawing is being read by any system other than AutoCAD it should be checked against a hard copy. If the Surveyor is not happy to do this then the client should be advised.
11. All utilities have been identified to the best of the surveyors knowledge. The correct identification of the utility pipes can not be guaranteed. It is recommended that any responsible utility company be contacted to ensure that the correct utility pipes are identified.
12. All pipe diameters and gullies are assumed to be correct, however all pipe diameters and gullies are assumed to be correct, however all pipe diameters and gullies are assumed to be correct.
13. All dimensions and levels are assumed to be correct, however all dimensions and levels are assumed to be correct.
14. All dimensions and levels are assumed to be correct, however all dimensions and levels are assumed to be correct.
15. All dimensions and levels are assumed to be correct, however all dimensions and levels are assumed to be correct.

- LEGEND**
- AH - Access Hatch
