Dear Peter

We understand from the attached letter that you are the case officer for this application, with decision currently expected 2nd June.

The applicant, copied in, has asked if we might also apply to include a verandah adjacent the proposed extension, and has also asked for a slightly revised roof plan in which the number of panels of glazing has been reduced from 3 to 2. Please find revised plans reflecting these changes.

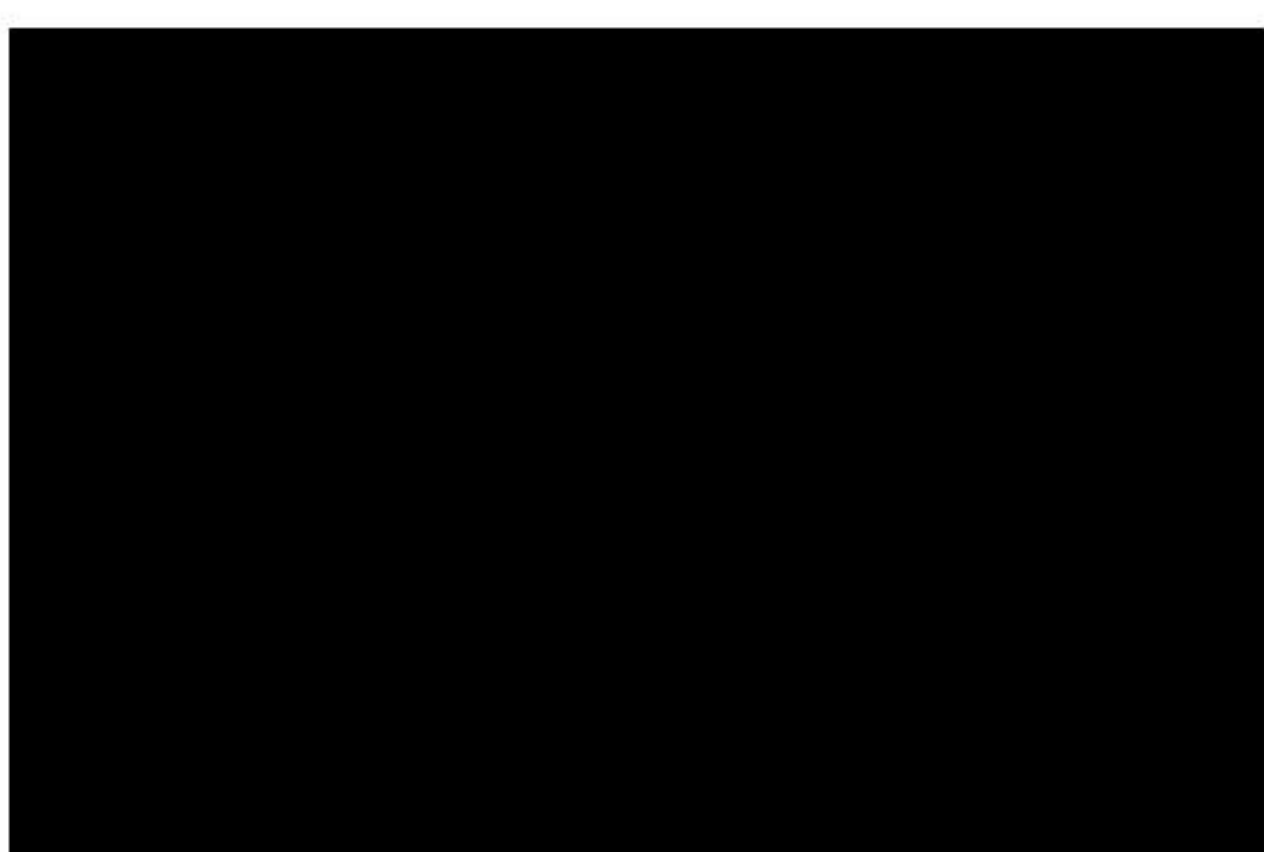

We understand that this may require an extension of time to enable sufficient (re)consultation.

Also, we are happy for the description to be revised accordingly, perhaps to the following (proposed revision in **bold**:-

Proposed demolition of existing outbuilding and wall and erection of a single storey rear extension, **with glazed verandah.**

Many thanks Peter if you could revert to confirm this would be much appreciated.

Kind regards
