Hi [REDACTED]

Having checked with the Tree Officer, the Cherry and Alder are both under the TPO's so yes they both do need to be granted permission before works can take place. Therefore can you now clarify:

- 1) Please can you describe the works that are to take place in one of the following ways:
 - I. Crown reductions must be in meters
 - II. Crown lifts must be in meters
 - III. Crown thinning must be in percentages
 - IV. If removing branches, make sure there is a clear description (photo evidence helps)
 - V. Don't include deadwood but do include epicormic growth
- 2) Please can you provide a basic diagram of the tree in relation to the buildings. The diagram supplied is quite faint and only shows the trees, and roads, no outline of buildings.

Best regards,

[REDACTED]

Thank you Tom.
Much appreciated.

Kind regards

Dear [REDACTED]

I have been out of the office for a few days and only just seeing your email now. I will speak with the Tree Officer tomorrow regarding the query on the Cherry falling under that TPO and then come back to.

Best regards,

FAO Tom Gardner

Hello Tom

Thank you for replying to my TPO application.

Our paper work that I included in my application and also attached, states that both trees are under this order WP/01/TPO/08.

Before I continue with this application can you confirm if the cherry tree is NOT then under a TPO? Has it been removed? (Tree T4).

Many thanks
