Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	This lovely tree is very close to my boundary and is an important part of the landscape, being one of only a few large, mature trees in the road. I support the carrying out of the proposed works, which are designed to help the recovery and health of the tree and will also maintain the safety and access of people using the footpath beneath. The footpath is very well used, particularly by children attending Blackthorns School and Oathall Community College. The tree has several dead branches and the foliage on the top branches is more sparse this year but some other parts of the tree

still look very healthy. I hope that the works will leave the tree in an attractive shape, and that the tree will go on to flourish for many years.

Kind regards
