Dear Caroline,

Thank you for reconsulting the flood risk and drainage team on the above application.

We have no objection to the proposed development on flood risk grounds.

This is subject to the proposed development incorporating all flood mitigation and resilience measures set out within the Flood Risk Assessment (by KJCF Landscape. Dated 3rd September 2025 REF: KJ0015-FRA-01), including finished floor levels.

Drainage should be managed via Building Regulations and Building Control, as necessary.

Best Wishes
