Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	
Comments:	We would like to express our concern about how significantly our garden will be now overlooked due to the rear proposed extension of the building. The new windows have increased the line of the sight into our property, impacting our privacy.

Could you please confirm whether any sightline assessments are available, or if the council has already considered the effect on our garden ?

We note the application has been amended to address privacy concerns raised by our other neighbour and we believe the same be extended to our side to ensure our privacy is equally respected.

Please can you advise what opportunities there are to address this?

Kind regards
