Good afternoon Joanne,

RE: DM/25/0445 - Land At Colwell Farm, Lewes Road, Haywards Heath

Thank you for consulting me on the above development. The applicant has provided an updated Ecological Appraisal containing an eDNA report (Ecosupport, July 2025). The report recommends following precautionary working methods, this is deemed suitable for the proposed development. A methods statement written by a suitably qualified Ecologist should be submitted prior to determination and be secured via condition if you are minded to approve the application.

Kind regards,

Jennie Shea
