Hi Anna

Thank you for the information.

I've spoken to the client and have planned on installing PVs at a later date anyway so are happy to include this.

Are you able to advise on whether or not you are recommending this for approval?

Best Regards

Luke Chittenden

Dear Luke

I have received the attached comments from Lindfield Parish Council today, regarding this application.

Please can you seek your clients comments on the suggestion that the scheme could include solar PV panels?

Please also confirm whether the proposal includes sustainable construction measures and/or energy saving features, and what these are?

I will be able to include your responses into my recommendation report.

Thank you.

Comments Details

Comments:	Lindfield Parish Council has no objection to this application but questions whether full consideration has been given to DP 39 Sustainable Design and Construction. Following the felling of the mature tree in the front garden, the front roof would appear to be suitable for a PV array to provide renewable sources of energy, as some local neighbours have already done.
