Address: 1 Coopers Wood London Road Handcross

Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I would like to point out the traffic build up in Handcross, the village already cannot sustain the traffic and with a possibility of perhaps another 100 vehicles this is accidents waiting to happen, the village school at the moment is full and is a nightmare at peak times the village high street cannot cope with the traffic at the moment my son has had his car hit twice there in the last 6

months and every week we see on the local facebook that there is lots of hits to cars. also with all the housing in Pease Pottage the main roundabout going to motorways and Crawley can now take up to 20 mins just to get across.

the main road (London Road) is 50mph we know that lots of vehicles travel through at excess of this speed and the turning into the proposed sight will be very dangerous.

We have a lot of wildlife on these fields and herds of deer, where will they go? there already being hit on the main road.

Kind regards
