Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I note that the variation letter now corrects the original application that the applicant had built a machine shed - this was never the case. There is no evidence to support the comment that the building needs footings to protect from high winds. Furthermore, the proposed location of the machine shed is in the North West corner of the field surrounded to the West by a think hedge/oak tress and the North by woodlands - both acting as windbreaks to the

prevailing South Westerly winds.

Further comments to follow.

Ian.

Kind regards
