Please identify the tree(s) and provide a full and clear specification of the works you want to carry out	We have a self seeded cherry tree very close to our garage and right on the boundary, the roots are going under our neighbours house and we are concerned the tree would cause significant damage if the tree were to weaken. we are applying for this tree to be removed. In addition we have a Beech tree, medium size, that would be improved by a 15% reduction. Both of these actions have been advised by our Tree surgeon Joe Burt. Please see the plan for the exact locations
