Reasons for comment:

Comments: This application is a cynical attempt to delay the delivery of an important amenity to the people pf Hassocks, namely the provision of walking and cycle access to Burgess Hill on a route on the east side of the railway that is not a death trap for walkers and cyclists.

It is also delaying the delivery of an important circular walking route for Hassocks residents, north on the west side of the former golf course up to the Hassocks/Burgess Hill border, then east, then south through fields and down on car-free paths to the centre of Hassocks (the loop is completed via Noth Bank, Hurst Road and Belmont Lane).

This application makes me very angry and I strongly object to it. Taylor Wimpy have known for years they have to do this, they should just get on and deliver it without any more whining.

Kind regards
