North – The opticians unit steps in with a dog leg form and a gazebo containing a dining area is positioned within this open space to the north of the site.

South – More shop frontages continuing in a southerly direction with the canopy above continuing in this direction.

East – Canopy running beyond the shop frontages with supporting pillars intermittently placed for structural support. A number of hanging baskets are also placed along the canopy for decorative purposes.

West – Existing shop frontages including some illumination to the existing opticians logo. A brick wall breaks up the two respective shop frontages at present.

Streetscene – Shopping centre featuring a traditional appearance with a number of vendors and services displayed within this town centre location.
