Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	
Comments:	If the former British Legion building is converted into six new homes- all with heat pumps, I am seriously concerned about the impact of the noise of those pumps. There have been many reports of people complaining of the noise impact of even one neighbour's heat pump. As I live directly behind the building in question, in the Holmwood Court flats, I am deeply worried that SIX heat pumps will significantly increase noise and disturbance.

Kind regards
