By Hand

To; Mr N.Rogers. Chief Town Planner.

Mid Sussex District Council. Oaklands Road.

Haywards Heath. RH16 1SS.

10<sup>th</sup> February 2026

Dear Sir

**Re; Objection to proposed development of 44 homes near Coombe hill Road  
East Grinstead West Sussex.**

I wish to object strongly to the proposed development to turn high grade agricultural farm land into a housing estate on green belt land.

There are already restrictions and guidelines in place to prevent bad development. DP12 Protection and enhancement of the countryside.

EG2 Area of development constraint. DP15 New homes in the countryside.

And most importantly DP16 and EG1 protection of the High Weald Area of Outstanding Natural Beauty.

It appears that town planning guidelines are NOT being followed.

**Note;** Wherever man goes he causes pollution. This development is in the direction of Wierwood reservoir which is a source of drinking water. Any development towards Wierwood reservoir is NOT in the interests of the people in East Grinstead and NOT in the interests of Mankind.

I wish to object in the strongest terms and demand that this planning application be refused.

Yours Faithfully
