Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Good afternoon i will be objecting to the 5G mast in rocky lane. As this mast is not really needed for the Mainline railway as they can use the pylons that run along the track. And the wildlife around the area is i myself have found in my garden great crested newts and Im only 50 meters from where this is being proposed so possibly

they could be over in the site . So much wildlife around the area .
Also being so close the noise from this as its going to be So big.

Kind regards
