Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I support this development as it will provide 6 well designed and much needed homes. This is important considering that MSDC are unable to demonstrate a 5 year land supply. I can see that the proposed new building sits comfortably on the designated site and is not obstructive. The proposed new building is of a complementary design to the existing development and provides for quality, modern living.

Kind regards
