Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	Saint Hill is a place I visit often for courses and seminars as well as local events, such as the Easter celebrations as well as Christmas and Charity concerts. . Its a lovely place to visit. I support their planning application and wish to tell you the main reasons why. Having this approved with be of much public benefit. The way it will be made is done in such a way to really create a beautiful view, it will be much more quiet on the road and the structure how it is built is very nice for the animals and nature...Another reason why I support this is that Saint Hill does so much for the Charities in East Grinstead and they have a major impact in this area. Saint Hill supports the Charities, the Bluebell railway, and brings in huge income source to Air BNBs, Hotels, cafes and local shops. Myself, my family and many friends from all over the world come to visit Saint Hill and donate to good causes of which GBP 400,000.00 is given to local Charities especially during the couple of days a year Intl Assoc. for SCNists event, which Saint Hill does every year. This involved many many man hours of setting up the tents and putting it down again and cleaning up the area very beautifully every time. Some of the local Charities would not be here had out Church not supported them, such as Age UK, Personally I also love shopping locally and spending my income at the local charity shops and cafes. Our extra parking is used 48 hours per year for the IAS. Its very limited harm, is done in a very organized fashion and kept extremely clean. And Saint Hill also plants many trees and takes amazing care of our environment, which I am sure you have witnessed when visiting the land. This being supported will create less traffic on the roads and there will be no visual impact on the environment. Please support. Thank you for listening. Kind regards, Anouk Fumagalli

Kind regards
