

Window Repair / Replacement Note

Existing windows are to be retained, repaired and overhauled wherever practicable. Where replacement is necessary due to condition, windows shall be replaced on a like-for-like basis to match the existing/original design, material, glazing pattern, opening style, frame proportions and external finish.

No uPVC windows are proposed. Any new windows formed in new openings shall match the original window design and specification, including multi-pane proportions and traditional painted timber appearance, unless otherwise agreed with the Local Planning Authority.
