<b>RECOMMENDATION:</b>	Advice

The Local Highway Authority (LHA) acknowledges the response from the applicant's architect and building surveyor, in relation to the points raised by the LHA in our initial response dated 6<sup>th</sup> March 2025. This relates to the Stage 1 Road Safety Audit and the standard that it was commissioned.

The correspondence suggests that it was undertaken in line with HD19/15 parameters, these however were superseded by the now current GG119 parameters in October 2018. The LHA would request that the Audit is either recommissioned in line with GG119 parameters or the Auditor of the submitted Audit confirms its acceptance to GG119.
