Good morning Stefan,

Thank you for all your help and advice. Regarding the above application I am aware that the structural details are to be dealt with after the first planning phase has been agreed. However, I would like to register our concerns.

1) A full structural survey should be carried out.

2) As we are adjoining number four and therefore share a party wall we need reassurance that the construction work will have no impact on the structure of our house.

Regards

Good afternoon Stefan

We are having trouble getting access to the revised plans relating to this Application. Is it possible for you to send us a copy of the this new plan ? You did this when the original plan was submitted and we would be grateful for your help again.

Thank you very much and best regards
